Sidheshwar Marepalle *Software Engineer | Graduate Trainee*

✉ sidheshwarkmarepalle@gmail.com 📞 9096516129 in Linkedin ◯ GitHub 🔗 Portfolio

Motivated **Java Developer** with a strong foundation in **Core Java, object-oriented programming, and SQL**. Hands-on experience through academic projects and internships in building backend services, integrating databases, and debugging applications. Familiar with **JWT-based authentication** and **AWS fundamentals**, with a strong focus on writing clean, maintainable code and continuously improving technical skills.

TECHNICAL SKILLS

- **Programming & Scripting:** Java | SQL | JavaScript | C++ (basic)

- **Backend & Platforms:** Spring Boot | Spring MVC | Hibernate ORM | Spring Data JPA | REST APIs | JDBC | Kafka (foundational)

- **Security & Cloud (Foundational):** JWT Authentication | AWS Fundamentals (EC2, S3, IAM – basic understanding)

- **Frontend:** React.js | HTML | CSS | JSP | JSTL

- **Tools & Version Control:** Git | GitHub | Maven | Postman | Eclipse | VS Code

- **Software Engineering Practices:** Object-Oriented Programming (OOP) | Data Structures | Debugging | SDLC

INTERNSHIP EXPERIENCE

Software Development Intern, Saiket Systems (10/2025 – 11/2025) ✐
- Assisted in developing and enhancing Java-based application components under senior guidance.
- Contributed to coding, debugging, and testing features to improve application stability.
- Analyzed logs and application behavior to identify and resolve basic defects.
- Participated in code reviews to understand coding standards and best practices.
- Collaborated with team members to clarify requirements and improve implementation quality.

PROJECTS

Student Attendance Management System ✐ , (50 Hours)
  Java | Spring Boot | REST APIs | React | MySQL
- Built a full-stack application to manage student attendance digitally for faculty and administrators.
- Assisted in creating backend REST APIs for attendance submission and retrieval.
- Implemented basic frontend components using React, HTML, CSS, and JavaScript.
- Tested APIs using Postman to ensure smooth frontend–backend integration.
- Documented setup steps and API usage for team reference.

SpeechAlign : Misarticulation Speech Therapy Platform ✐ , (45 Hours)
  Java | Spring MVC | JSP | MySQL
- Assisted in developing server-side features using Java and MVC architecture.
- Supported UI and backend integration while maintaining clean and structured code.
- Improved attention to detail by validating functional flows and resolving inconsistencies.

EDUCATION

Bachelor of Technology (B.Tech 2025), Electronics and Telecommunication ✐
  Shri Guru Gobind Singhji Institute of Engineering and Technology, Nanded | **CGPA:** 7.01

CERTIFICATIONS

Software Engineering Job Simulation - Forage (2026) ✐
  Spring Boot, Kafka, RESTful API

Object-Oriented Programming - Infosys Springboard (2025) ✐

EXTRACURRICULAR & LEADERSHIP

Pragyaa (Techfest SGGSIE&T) | Media Joint Coordinator (2023), Guest Experience Manager (2024) ✐
  Coordinated guest logistics and media outreach for large-scale technical events.
